The Solution:

Cook With Oil

Fall is about to start in-cooking foodstuffs will be increased.

Are you going through the coming season with a defective or a wasteful stove?

The Quick Meal solves the stove problem. It is a scientific cooking instrument-it burns oil. In these times the nation is crying for conservation of gasoline. It is needed in winning the war-

Plan to do away with cooking drudgery this winter. Use an oil stove-one that you can depend upon to give entistuction the year round and one that is saving rather than wasteful of fuel

If you need a stove we ask that you let us show you the Quick. Meal. We believe that it is truly the "stove for you." Many many housewives, in Corpus Christi, are delighted with their Ouick Meal. We have them in stock-from the smallest two burner to the largest range—and naturally, there is one for your kitchen at a price you can. pay. Call and see them.
